<b>EAN Cartone</b>	8003495906095
<b>Weight (G)</b>	1000
<b>Packs Per Carton</b>	4
<b>Cartoni Per Pallet</b>	126

## Directions

### Convection Oven

Arrange the frozen onion rings in a single layer onto a baking pan, in a preheated (205C) convection oven. Wait for oven to heat up to set temperature and bake for 14 minutes. Halfway through the cooking time, flip over each onion ring to ensure even crisping and browning.

### Deep Fryer

Pour the frozen product in boiling hot oil (180C), fry for 5/6 minutes, until the desired goldening is reached. Leave the onion rings to dry on kitchen paper and serve.
