Directions

Griddle

Heat the plate at 240 °C, place the still frozen product, close the plate and cook for 8 minutes.

Convection Oven

Spread the frozen product on a tray and place in the pre-heated ventilated oven at 190°C. Wait until the temperature reaches the setting and cook for 9 minutes. Remove from oven, add salt as desired and serve.

Deep Fryer

Pour the frozen product into the fryer with boiling oil at 160°C for 5 minutes and cook until golden brown. Add salt as desired and serve.
