Directions

Pan

Put the Potato Slices in a non-stick pan without thawing. Add 4 tablespoons of water and cook for about 5 minutes without the lid and stirring occasionally. The time given is approximate. We recommend that you check whether the cooking is right for you.

Microwave

Place the sealed bag on a plate, with the back seal facing upwards. Put the plate in the microwave and cook for 4 minutes at 750 Watts or for 3 and a half minutes at 900 Watts. After cooking, remove plate and bag from the microwave, and wait another 1-2 minutes before opening. Pour the Potato Slices into a bowl and use them as you prefer. **WARNING:** do not open or pierce the bag before microwaving. The bag is very hot after cooking; touch it only at the edges.
